

# Online Crash Course

## Introduction to the Course

The GMATWhiz Online Crash Course is a highly personalized, technology-enabled offering for students who are looking for a fast track improvement in their GMAT scores. The crash course will allow students to experience dual benefits of learning from an online course as well as taking live classes by our senior-most faculty at GMATWhiz.

To maximise your learning from the course, we recommend a certain pre-requisite that students must complete from the online course before each session. This will help you learn the basics from the online course and also get the required practice by solving questions. We value our students' time, the importance of doubt clearing, and stress upon accurate application of concepts. Here's how the crash course works –

## Details of the Online Crash Course

QUANT	Quant Advanced Questions	26th September	7:00 pm IST (1:30 pm GMT)

## What our students have to say about us?

### **GMAT 740 in 1st Attempt With a Full-Time Job**

"I started my prep with GMATWhiz along with a full-time job. I was surprised to see how by learning the right strategies and using the right approach, I could not only crack the GMAT but also score a massive 740 in my very 1st attempt. The study plan that GMATWhiz AI created for me and the consistent assistance from my mentor played a very important role in helping me achieve this feat."

**-Pranjal**

### **GMAT 740 Along With a Hectic Job Schedule**

"I would definitely recommend private, one on one tutoring with GMATWhiz mentors. It was really helpful. I can't thank my Verbal mentor Sunita enough who helped me get to a V40. Having someone there who could point out my mistakes or help me recognize the parts that I would have otherwise ignored, especially in Verbal really helped. A definite shoutout to Sunita!"

**-William**

### **GMAT 460 to 710 with a full-time job**

"GMATWhiz gave me the best of both worlds – I could solve a question by myself, think about it, give it some time, and thought myself. And at the same time, I had someone who could tell me why I am stuck and help me through it. It offers a great deal of flexibility in prep."

**- Maria**

## Our Pricing

Special Price for 1st ten students only

### Live Online Course

**\$ 349**

### Verbal Crash Course

**\$ 249**

<b>No. of Sessions</b>	25 Online Sessions
